Guided Historical Walking Tour of Carleton Place's North Side (90 minutes) \$20 per person, 6:30 p.m. - Meet at the Museum

Our Walking Tours are only \$15 for Museum Members

HONEY-OUR SWEET HISTORY!

Honey, Our Sweet History is now on exhibit! This fascinating display includes a lesson in the different types of hives, the methods of processing honey, and a look at some of the people who produced honey locally in the past.

Jonny de Matos, President of the Lanark County Beekeepers Association, kindly loaned us several artifacts, and gave us some basic lessons in honey production! If you missed his presentation in the Museum Gardens in June, be sure to attend our **“What’s the Buzz” event on Sunday July 24th**. Jonny will be in the garden showing us what’s happening inside our very own hive—set up in the gardens for the summer. You might get to pet a honeybee!

Our gift shop features local honey and beeswax candles this summer, and we’re excited that we will be offering our own Museum Honey for sale this fall—right from our very own hive!

WHAT'S THE BUZZ?
A Free Presentation by Jonny de Matos!

AT THE MUSEUM GARDENS

SUNDAY JULY 24
2 PM

Owner of Matos Apiary, and President of the Lanark County Beekeepers Association, Jonny will talk about the history and culture of bees and beekeeping.

MEET OUR SUMMER STAFF!

Hi, my name is Molly Cooney. I loved my time at the museum last summer and I am very excited to be back!

I received my Bachelor of Arts (Honours) in Drama at Queen's University last year and recently completed the first year of my Bachelor of Education program at Nipissing University.

I am extremely passionate about theatre history and creating engaging learning experiences for people of all ages. I love everything about working at the museum, but I am especially excited to share our summer exhibit, "Spotlight on the MUDDS", with you all this summer.

I have been a member of the Mississippi MUDDS since I was 10 years old, so this exhibit is particularly close to my heart. If you have any questions about the history of the MUDDS, or theatre and performance in general, I would be very happy to help!

Hi everyone! My name is Haiden Vollebregt and I am very excited to be joining the Carleton Place & Beckwith Heritage Museum team as a summer student!

During my undergrad I studied history and had the opportunity to work on transcribing and conducting research for the Rural Diary Archives.

I loved getting to know Canadians from the past through their day-to-day accounts and am thrilled to get the opportunity to continue sharing stories from the past here at the museum. I'm looking forward to seeing everyone back in the museum this summer!"

RECENT EVENTS

We've had quite the regal beginning to our summer!

In honour of Queen Elizabeth's Platinum Jubilee, we hosted a Garden Party for the public on June 4th.

Thanks to the hard work of the Carleton Place and District Horticultural Society, the Museum Gardens provided a beautiful setting for the over 300 guests who attended! Much fun was had as everyone enjoyed musical entertainment by The Carleton Place Community Band, crown shaped cookies given out by the I.O.D.E., a display of floral fascinators created by members of the Horticultural Society, historical exhibits, complimentary horse drawn wagon rides with commentary by Linda Seccaspina, free sandwiches, tea and cake, and most regal of all—appearances by many royal characters of the past—courtesy of the Mississippi MUDDS theatre group!

Thanks also to the Almonte Legion Pipe Band and the Colour Guard of Legion Branch 192, Captain A. Roy Brown Branch. More photos are to be seen on our facebook album!

On July 2nd, we were thrilled to welcome Her Honour, The Honourable Lieutenant Governor of Ontario, Elizabeth Dowdeswell to the Museum.

Her Honour met with Mayor Black, and was given a tour of the Museum by Curator Jennifer Irwin. A tree planting ceremony at St. James Park, in honour of Queen Elizabeth's Platinum Jubilee, was followed by a reception in the Museum Gardens.
